1 About Xovis

Xovis AG was founded in 2008 by David Studer, today's CEO, Christian Studer and Markus Herrli. As experts in passenger tracking, flow measurement and analysis, they created the Xovis Products and turned Xovis to today's leading company in people flow management.

A comprehensive 3D Optical High-Resolution Sensor portfolio is available for Airport, Retail, Industry and other customers to monitor people flow with unmatched precision. On top of the Sensor System, Xovis develops software solutions targeted at the specific applications of different markets to solve the people flow issues of its customers

Xovis AG manufactures and develops sensors and software in-house and stands for guaranteed Swiss-engineered quality. All IP rights are in possession of Xovis AG.

Xovis is registered in Switzerland since December 2008 as a Limited Company, privately held, Company Registration Number CHE- 114.623.478

1.1 Quality responsibility

Responsibility for Quality Management at Xovis is with the COO.

1.2 Xovis Quality Management Principles

Based on ISO 9001, the Xovis Quality Management system defines how the organization can meet the requirements of its customers and other stakeholders affected by our work, based on the idea of continuous improvement.

1.3 Xovis Quality Commitment

The customer is the main focus of our efforts. We therefore are committed to develop state of the art products and obtain common quality standards.

The quality of our products and services sustainably ensure the economic success of our company. To achieve our zero-defect objective, we continuously improve our production processes and quality checks.

Our employees are central to the successful achievement of our goals. Everyone is committed to deliver the best possible quality in respect of the state-of-the-art procedures. Any potential improvements or issues are reported to the person in charge which decides how to improve the process.

Our employees are open for new ideas, other people and customs.

1.4 Implementation of QMS and Employee Training

Xovis allocates all necessary resources for the implementation of the quality policies.

The Xovis recruiting policy focuses to hire highly qualified professionals for each discipline. New employees are coached by a senior employee until they get autonomous.

There is an active exchange of current topics between production and development employees. This ensures a continuous exchange of experience and helps to improve each other's activities.

1.5 Process Management

More about the Xovis process management and its structure can be read in the Xovis ABC

1.6 Certification

ISO 9001:2015 (certification ongoing)

1.7 Financial Audits

Xovis AG is financially audited on a yearly base per Swiss law (Swiss Code of Obligations, Art. 728a Abs. 1 OR).

For that reason, Xovis AG has a respective internal control system (ICS), which is also audited year by year.
